

**Specification:**

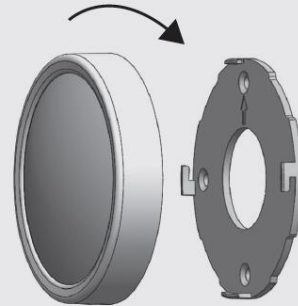

*Product name: SNEL Hand Sensor*  
*Operation Voltage: AC 24V / DC 12V-24V*  
*Sensor Type: Micro wave*  
*Operating Current: 60mA*

*Operating Distance: Max 50 cm - Min 1cm*  
*Operation Temperature: -10 °C ~ 60 °C*  
*Installation: With hidden screw*  
*Dimensions: diameter: ø84 mm - height: 23 mm*

**GENERAL STRUCTURE:**

*Mounting with 4 screws*

*Hand Sensor*

*Hanger Apparatus*

**CONNECTION:**

BLUE	NC - NORMALLY CLOSED
WHITE	NO - NORMALLY OPEN
Yellow	COM - COMMON
GREEN	DC: 12-24V
RED	AC: 24V

**GENERAL SPECIFICATION:**

Not affected by environmental effects with microwave technology.  
Easy to connect and control with different equipment with dry contact output.  
The position of the device can be controlled using a visual indicator.  
Connection distance can be adjusted to desired level with trimpot.  
Provides low power design and long life.

**Including parts:**

- Sensor (1 pcs)
- Hanger Apparatus (1adet)
- User Guide (1 pcs)
